

This covers are made for LK chokes, MP / MS output transformers, AN / AS / AU series power transformers and standard toroidal transformers. They were fabricated with metal spinning and stamping technique from 20 gauge steel. The whole cover is powder coat in semi-gloss black.

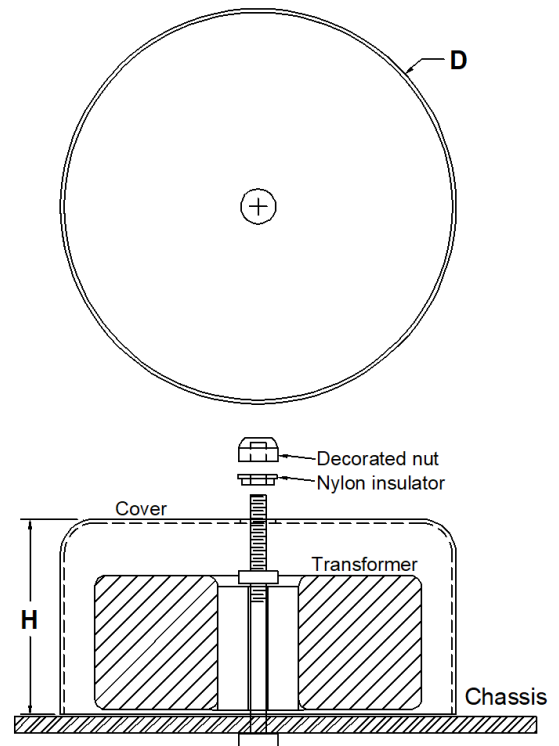

This kit includes a cover, bottom plate, center screw, nut, washer, nylon insulator, acorn nut, and insulated washer.

The CA-00x toroidal transformer covers are specially designed for cosmetic look and to prevent any magnetic field or electrical noise interfere with the sensitive components in equipment. This is a new economical version of CA-xxx covers.

This universal cover can use in most standard toroidal transformers. It will give your equipment a new appearance and performance. It allows you to add or remove the cover easily in a minute.

There is a nylon insulator to isolate the center screw with the metal case which will break the electrical short between cover and bottom plate. All wires can come out from the side or the bottom.

Model	Suitable items	D	H	M	N	Weight
CA-001	LK-3H250, LK-5H150, LK-8H100 & LK-12H80	2.70"	1.8"	3.18"	3.68"	1LB
CA-002	AN-02xx, LK-5H250, LK-8H200, LK-12H150	3.25"	2.0"	3.9"	4.44"	1LB
CA-003	AS-05xx, AU-02xx, AU-05xx, AS-12xx, MP-10xx, MP-15xx, MP-25xx	4.25"	2.1"	3.5"	4.3"	1LB
CA-004	AS-22xx, AU-12xx, AU-22xx, MP-40xx, MP-60xx, MP-100xx, MS-30xx	5.10"	2.9"	4.25"	5.2"	2LB
CA-005	AS-3xxx, AS-4xxx, AN-5xxx, AS-6xxx, AU-4xxx	5.90"	3.3"	5.0"	6.0"	2LB
